

HOW FAST IS YOUR ANIMAL?

- Which animal did you choose?

- What is the length of the playground?
..... m (round off to meters)

- How many seconds did it take to cross from one side to the other side of the playground (in an easy walk)?

- How many seconds did it take run from one side to the other side of the playground (as fast as you can)?

- Is your animal a fast or a slow animal?

- How many seconds did it take to cross from one side to the other side of the playground, moving in the way your animal moves?

- How many seconds did it take to cross half ($1/2$ part) of the playground, moving in the way your animal moves?

- And how many seconds did it take to cross a quarter ($1/4$ part) of the playground?

- How many seconds did it take you to cross 10 meter?
