

L.S. 1 Observing and comparing

I can	observe see	a the	cloud dog sun apple	followed by	a the	cloud dog sun apple
-------	----------------	----------	------------------------------	-------------	----------	------------------------------

I can	observe see	that	it goes	up down	by	2
		that the number is	plus minus			3

I can	observe see	that the number	gets	bigger smaller
-------	----------------	-----------------	------	-------------------

I can observe that the number goes	up down	in	3s 5s ...
------------------------------------	------------	----	-----------------

L.S. 2 Analysing and making conclusions. Describing how to multiply and divide by 10/100 and 1000

When I	multiply	a number by 10/100	I move the digits	1	places	to the right
	divide			2		to the left
				3		
so the number			gets		bigger	
					smaller	

L.s.4 Sequencing

<p>First</p>	<p>I start counting from number (...)</p>	<p>Secondly/ then</p>	<p>I</p>	<p>add subtract</p>	<p>(...)</p>	<p>Finally,</p>
<p>I</p>	<p>count</p>		<p>back on</p>		<p>(...)</p>	

L.S. 5 Locating and Imagining

This is ...	I visited....				
This community on	top bottom	right left	is	Madrid Castilla la Mancha/Leon Cantabria Basque Country Galicia Andalucia	
I would wear	a T-Shirt, tracksuit, dress, swimsuit, jeans, jacket...
